Luverne Dollars for Scholars is a locally run, non-profit organization promoting post-secondary education by providing scholarships to graduating seniors from Independent School District No. 2184. It is an affiliate of Scholarship America and the local chapter was organized on December 6, 1983. The sole purpose of the organization is to raise money for its endowment fund and to annually disperse the earnings in the form of scholarships to Luverne High School graduates.

The success of Luverne Dollars for Scholars is the direct result of many generous donations from Luverne graduates and community members. Since December 1983, Luverne Dollars for Scholars has been the recipient of 316 perpetual scholarships with a total endowment of more than \$9.7 million. For more information on establishing a perpetual scholarship, see page 38.

Applicants for a Luverne Dollars for Scholars award are evaluated on the following criteria: academic performance, scholastic aptitude, work experience, school activity and community involvement. Since the first awards in May of 1984 through 2024, scholarships totaling \$7,138,475 have been awarded to 2,215 students. This school year, Luverne Dollars for Scholars is awarding \$562,500 in scholarships to qualifying Luverne High School graduates from the Class of 2025.

DOLLARS FOR SCHOLARS PERPETUAL SCHOLARSHIPS

A. M. Anderson Family Scholarship

The Alfred M. Anderson Family Scholarship was established in 1997 by a daughter, Mary Anderson Lerza, in memory of the Anderson family and its long association with Luverne. Alfred M. Anderson was a veterinarian in Luverne for 46 years. He was born in Denmark in 1891, and came to the United States in 1899. He attended public schools in Clay County, Iowa, and then graduated from the Chicago School of Veterinary Medicine. Dr. Anderson married Nora Clarke in 1915 in North Dakota. Shortly thereafter, they moved to Luverne, where Dr. Anderson established his longtime veterinary practice. He was a charter member of the Democratic Farmer-Labor Party, served as president of the Minnesota Veterinary Association and was a member of the Luverne City Council. Nora Clarke Anderson, who was active in church and community affairs, died in 1939. Dr. Anderson died in 1977. They had six children: a son, James, died in childhood. The other five children, all Luverne High School graduates, are Mary (Lezra), '34; Chris, '37; Margaret (Campbell), '39; Alyce (Saucer), '46; and Alfred, '48.

Abner and Ellamae Appel Josendahl Scholarship

Ellamae Appel Josendahl, a former teacher in the Luverne Elementary School, was known as Miss Appel to the school's first grade children for the first 15 years of her career, and as Mrs. Josendahl for the next eleven years. Ellamae, who attended school in Butterfield, Minn., earned her teaching degree at Mankato State University. Her first and only teaching position was with the Luverne school system, entering the community in 1960 and retiring in 1986. In 1974, Ellamae married the late Abner Josendahl. Abner grew up in Rock County, graduated from Hills High School in 1935, and went on to school at Luther College where he earned a degree in math and economics. Shortly after college, Abner returned to the Rock County area where he farmed for the rest of his life. Abner passed away in 2005. The first Abner and Ellamae Appel Josendahl Scholarship was awarded in 2007.

Agnes Husen Memorial Scholarship

Before graduating from LHS in 1928, she was known as Agnes Blinson. In 1930, she married Carl Husen and together they raised four children, all LHS graduates — Donald, '49, Raymond, '52, James, '54, and Ken, '63. As many older graduates may recall, Agnes was the head cook in the school's hot-lunch program for many years. Agnes was very fond of the Adopt-a-Grandparent program, enjoyed baking, liked playing cards, and had fun working on crafts. She passed away on July 22, 2001. The Agnes Husen Memorial was established in 2002 by family members.

Albert Bot Memorial Scholarship

Al Bot and his wife Barbara moved to Luverne in 1955 where they raised their five children. Al and Barbara met in college at South Dakota State University where Al was studying Pharmacy. Al was owner of Bot Drug Store on Main Street for 34 years until his retirement in 1990. Al and Barbara were very active in the community, church and school. Al served on the Luverne School Board for 13 years. The Bot children all graduated from Luverne High School (KrisAnne 1971; Robin 1973; Jono 1974; Connie 1977; Jennifer 1986). Al passed away in 2016 at the age of 94 and Barbara passed away in 2023 at the age of 96. College Education was very important to Al and Barbara. They encouraged their children and many other young people to graduate from college. Scholarships have been established by the Bot family for both Al

and Barbara Bot. The family requests, whenever possible, to award the Albert Bot Memorial Scholarship to a student with exemplary academics who plans to attend South Dakota State University in Brookings, SD.

Alice (Hoiland) Larson Health Career Scholarship

Alice (Hoiland) Larson (Luverne High School 1951) was born in Luverne and grew up on a farm east of town across from the Luverne Country Club. She loved her childhood on the farm with her brothers, David and Stephen, and her sister, Laura. Alice went to the University of Minnesota in 1952 to study nursing. She said it was an exciting time to be in medicine; as a student she was able to witness the miracle of open-heart surgery. After graduating as a Registered Nurse in 1956, Alice began her career as a hospital nurse. Later she became a school nurse with the Bloomington Public Schools. The Larson family wishes, whenever possible, that this scholarship be used to support a deserving student pursuing a career in healthcare.

Allen W. Pierson Memorial Scholarship

Allen W. Pierson loved baseball, posting a 15 and 1 pitching record over a three-year career with Hopkins High School, Hopkins, Minnesota. His outstanding record with the Royals, along with his talent and enthusiasm for the game, earned him a baseball scholarship with St. Cloud State University. Allen graduated from Hopkins High School in 1988. In 1990, at the age of 20, Allen died in a motorcycle accident. Shortly thereafter LHS graduates Wesley Pierson and Patti Kirby Pierson established this scholarship in their son's memory, awarding the scholarship to a player on the Hopkins High School baseball team. After self-administering the scholarship for several years, the Piersons presented the scholarship to Luverne Dollars for Scholars in 2006. The award will be given to a high school baseball player who most closely resembles those attributes and characteristics exhibited by Allen in this sport.

American Legion Arthur Moeller Post 478 (Hardwick)

Members of the American Legion Post, Hardwick, established the American Legion Arthur Moeller Post 478 scholarship to assist a graduating Luverne High School senior with his or her post secondary education endeavors.

American Legion Dell Hogan Post 123 and Auxiliary (Luverne)

The recipient is determined by the Dollars for Scholars criteria. However, in the event of a tie, the award is to go to the student, if possible, whose parent served in the armed forces.

Anders and Oline Anderson Family Scholarship

Norwegian immigrants, Anders and Oline (Iveland) Anderson established their home on a farm four miles south of Luverne in the late 1800's. Born to them were one son and six daughters. They were Sena (Anderson) Severtson, Selmer Anderson, Gena (Anderson) Dibbern, Louise (Anderson) Pierson, Anna (Anderson) Beatty, Effie (Anderson) Stroh, and Helen (Anderson) Lunde. All were born and raised on this Rock County farm (which is still farmed by a grandson), and attended rural School District #4W. The six daughters went on to become teachers in rural Rock County schools until they were married. The two oldest girls, Sena and Gena, received their teaching education at Lutheran Normal School (Augustana) in Sioux Falls following eighth grade. Sena graduated in 1914 and Gena in 1918. The other girls received their teaching

education at the Luverne High School Normal Department. Louise and Anna (twins) were in the class of 1921, Effie in the class of 1923, and Helen in the class of 1925. Eight of their children also become teachers. This family is being honored by establishing a scholarship in their memory. The recipient of this scholarship is determined by using Dollars for Scholars criteria, giving preference to a student choosing to go into the field of education. The first scholarship was awarded in 2005.

Andy Gabrielson “Find the Tornado” Scholarship

Andy Gabrielson, the son of Greg and Joanne Gabrielson, was always fascinated by weather, even at a young age. He took this passion for weather and turned it into a profession. In Andy’s short seven years of filming, recording, and reporting severe weather, he became one of the most recognized and respected weather videographer in the world. Whenever possible, this scholarship will be awarded to a student pursuing a career in weather. The first Andy Gabrielson “Find the Tornado” scholarship was awarded in May, 2013.

Ange Mohr Patton Memorial Scholarship

In memory of their beloved sister, Ange Mohr Patton, a 1954 LHS graduate, ten brothers and sisters and their families established this scholarship in February, 2005. “So infectious was Ange’s laughter!” wrote a sibling. “She was always there to help one see the brighter side. . . . She loved to make things fun!” Ange was extremely proud of her educational accomplishment, graduating in 1957 as a registered nurse. After several years of working as a nurse, Ange chose to work for her husband, Ned, in his accounting business. However, her gift of caring lived on in love, comforting, and nurturing those whose lives she touched. She even had an extra special place in her heart for animals. “One of Ange’s greatest joys in life,” a family member wrote, “was giving. What a joy it would bring to Ange to know that her gift lives on; that her scholarship would be helping a Luverne Dollars for Scholars recipient pursue a degree in either nursing or veterinary science.”

Ann Torrison Whalen Memorial Scholarship

Ann Torrison Whalen, a 1951 LHS graduate, attended and graduated from the University of South Dakota in 1955, and later completed a master’s degree program at USD in 1958. Ann, a teacher, taught in Brainerd, MN, Salem, SD, and later in Pipestone, MN—until four girls came along. Ann passed away July 8, 2007. She was preceded in death by her husband, Ronald Wahlen. Ron served as the band director in Flandreau, SD, and later, in Madison, SD. She is survived by her brother, Norman Torrison, a 1950 LHS graduate, and four daughters, three of whom are teachers. The first Ann Torrison Whalen Memorial Scholarship was awarded in 2008.

Arthur and Myrtle Thompson Memorial Scholarship

Art and Myrtle Thompson moved to Luverne in 1944 and lived in and around Luverne until 1991. During this period of time they raised a family of six children, five of which graduated from Luverne High School. Both Art and Myrtle had close connections to Luverne Public Schools. Art drove a school bus for a number of years for the school district, and he also spent time working as a custodian in the high school. Myrtle also worked for the Luverne school. She spent twelve years working in the high school cafeteria. Art passed away on September 6, 1996, in Weslaco, Texas. Myrtle passed away on March 12, 2008, in Sioux Falls, South Dakota. The first Arthur H. and Myrtle L. Thompson Memorial Scholarship was awarded in 2009.

Audrey Conrad Gabrielson Memorial Scholarship

The Audrey Conrad Gabrielson Memorial scholarship was established by Audrey’s family and friends in her memory. Audrey, the 1943 LHS salutatorian, received a scholarship as a result of her achievement. However, due to the inability to access additional funding, she was unable to pursue her dream of a college education. As a result of her dilemma, the recipient, if possible, is to be a student whose parents did not have the opportunity to attend college.

Audrey Oakland Wildung Memorial Scholarship

A lifelong member of Luverne, Audrey Oakland Wildung, passed away on April 11, 2007. Audrey and her husband, Robert Wildung, owned and operated the Luverne Style Shop for many years. After Robert’s death in 1971, Audrey continued operating the business until March, 2007, when she retired. Throughout Audrey’s life and business career, Audrey was an avid community booster, supporting many of its causes. The entire Wildung family were LHS graduates. Audrey, received her diploma in 1945 and Robert in 1937. Their four children, Jane, Wendy, Jill, and Jon, graduated in ’71, ’72, ’76, and ’79, respectively. The first Audrey Wildung Memorial was awarded May, 2008.

She valued education, music, faith, philanthropy adventure and kindness/acceptance of all people. Whenever possible this scholarship will be awarded to a student who is majoring in music or the arts.

Ben Franklin Lodge Scholarship (Luverne)

Continuing its nearly 140-year-record of supporting the community of Luverne and Rock County, the Ben Franklin Lodge established the scholarship with the Luverne Dollars for Scholars organization in late 2012. Since its original dispensation on February 9, 1874, the Ben Franklin Lodge has supported numerous organizations, charities and individuals throughout the area. Dedicated to an ideal of making the community a better place to live for everyone, the members of Ben Franklin Lodge request that its scholarship, whenever possible, be awarded to a student who shares those same ideals and who is a family member of a current or past Mason. The first Ben Franklin Lodge Scholarship was awarded in May, 2013.

Bev & Virg Christensen Family Scholarship

The Bev & Virg Christensen Family Scholarship was established by Virg Christensen in January, 2017 following Bev’s death in December, 2016. Brooke Elizabeth Thompson Scholarship

Brooke had a way of lighting up a room when she walked in and the beauty of it is that she didn't even know she did it. Those who know and love her remember her infectious smile, her sparkling eyes, her giggle, her long hugs, her ability to always be goofy and laugh at herself, her love of all things pink, purple and sparkly, her endless closet of clothes because "a girl can never have too many clothes," ice cream and starburst jelly beans, her silly ways like asking her nieces "What's my price?" (a hug and a kiss) that could get her to do almost anything for them, her need to have the tv volume on an even number, her laying her clothes out and packing those "that spoke to her" when she was going somewhere, her need to have her sweatshirt strings even, her report "It's summer, my freckles are here," how she was the glue that held her friends together and so many other million things about her. Brooke graduated from LHS in 2015 in the top 10 of her class and as a member of the National Honor Society; her senior quote being "Don't let anyone dull your sparkle." She graduated Magna Cum Laude and as a member of the Psi Chi International Honor Society from Southwest State University in 2018 with a BA in Psychology and minors in Sociology and Spanish and was also a member of the SMSU dance team. She had been accepted in the Master of Social Work Program at the University of South Dakota and was scheduled to begin in August 2019. Brooke planned to become an elementary school counselor or social worker at Sanford Children's Castle. She was tragically taken from us on July 23, 2019 by a reckless driver on her way to an interview for a grad school internship with the Harrisburg, SD school district. Brooke's biggest passions in life were figure skating and children. She began skating at age 3 and quickly fell in love with the ice. She was a member of the Blue Mound Figure Skaters from age 5 through her 1st year of college. She went on to coach with the Blue Mound Figure Skaters and the Southwest Figure Skating Club. While in high school, Brooke was chosen to represent her class during a kindness retreat at one of the local churches. It was in the course of that day an elementary child sat down by her and was so very sad. She asked him why. His parents were divorcing and she didn't know how to help him other than to tell him she was sure things would be ok. It was in that moment she knew she wanted her life's work to be helping children. She

never wavered from that. She worked for a short time in Duluth with Lutheran Social Services supervising child visits and loved her job at Rock Rapid's Kids Care caring for 2 year-olds. Her passions for children and the ice and her love for her family and friends are immeasurable. Whenever possible this scholarship will be awarded to a student pursuing a career helping children and if possible to a student with a love of figure skating. This scholarship was established by many friends of Brooke's parents, Mary and Wayne. Her family is very grateful and blessed to have this gift to honor her and chose to add some of her memorial gifts to this scholarship as well.

They also know that a supportive community can make all the difference during life's tough times. This scholarship is dedicated to a student who has demonstrated exceptional grit and perseverance. Thomas Klein “Assist” Scholarship

Thomas “TK” Klein was the kind of person who always had a plan, and that plan almost always involved helping someone else. He was a friend, brother, dad, husband, uncle and so much more. TK had a gift for showing up for others when they needed it most. Whether it was a crisis or a quiet struggle, TK found a way to offer support, comfort, or just a presence that reminded you that you weren’t alone. He was the guy who threw assists in life, always passing love, time or help to someone else without expecting anything in return. He loved sports, especially his Magnolia Bulldogs, the Luverne Cardinals and the Minnesota Golden Gophers. And while he cheered loudest for the big plays, it was the unselfish ones, the ones that made others better, that he respected most. Whenever possible this scholarship is awarded to the senior with the most assists, a student athlete who, like TK, knows that real greatness isn’t just about scoring points, but about creating opportunities for others. The assist is a choice. It’s a split-second decision to say, “I see you. I’ve got you.” And that’s how TK lived his life. Mental health challenges overwhelmed TK during the isolation of the COVID-19 pandemic, and he is missed deeply by all who knew him. But his legacy lives on in the traditions and memories his family continues to build, stories of love, laughter and the way he made others feel. This scholarship was established by Steve and Shirley Top in loving memory of a precious brother.

PERPETUAL SCHOLARSHIP INFORMATION

A gift of \$2,000 or more, referred to as an “endowment”, given to the Luverne Dollars for Scholars program becomes a perpetual scholarship. Only the income earned from the endowments is given to a student in the form of a scholarship. The uniqueness of an endowed gift is that it allows a scholarship to be given each and every year, forever, to a fresh, qualifying LHS graduate. Initially, the donor has the opportunity to attach a name to the endowment. Then each year a selected graduate receives a scholarship bearing that name. Once a perpetual scholarship is established, additional dollars—no matter what amount—may be added, at any time, to the endowment.
